A GUIDE TO YOUR BENEFITS

2026 BARGAINING EMPLOYEES

YOUR METALLUS BENEFITS

We understand the important role that benefits play in the lives of you and your family.

This benefits guide can help familiarize you with Metallus' benefit options. It also provides useful tips, tools and resources to help you think through your options and make wise decisions. As you prepare to enroll:

- Consider your benefit coverage needs for the upcoming year. For example, is your family financially protected if you can't work due to an accident or illness?
- Consider other available coverage.
- Gather information you'll need. If you are adding covered dependents, you will need their dates of birth and Social Security numbers.
- In addition, you may need to provide legal documentation verifying their eligibility — such as a marriage license or birth certificate.

Getting the most value from your benefits depends on how well you understand your plans and how you choose to use them. Be sure to read this entire guide for important information about your benefit options.

ELIGIBILITY

Active Bargaining employees are eligible for the benefits described in this guide.

For new hires, benefits are effective on the first day after you have completed a 90-day waiting period. The following dependents are also eligible:

- Your legal spouse
- Your children up to age 26

CHANGES TO YOUR BENEFITS

Generally, you may only make or change your existing benefit elections as a new hire or during the annual enrollment period. However, you may change your benefit elections during the year if you experience an event such as:

- Marriage, divorce or legal separation
- Birth or adoption of a child
- Loss or gain of other coverage by the employee or dependent
- Eligibility for Medicare or Medicaid

You have a restricted timeframe from the qualified life event to make changes to your coverage. Depending on the type of event, you may need to provide proof of the event, such as a marriage license. If you do not make the changes within the specified timeframe per the handbook, you will have to wait until the next annual enrollment period to make changes (unless you experience another qualified life event). Please refer to your handbook for the timeframe for each event.

WORKING SPOUSE CHARGE

- If your spouse has access to medical coverage through their employer, review the coverage available and the associated costs compared to Metallus' coverage, then determine which plan better suits your family.
- Coverage under Metallus' medical plan is available for spouses with access to medical coverage fully paid by their employer, but you'll pay an additional $30 per month premium for your spouse.

MEDICAL AND PHARMACY PLAN OVERVIEW

We offer our medical and prescription drug coverage through Anthem.

UNDERSTANDING HOW YOUR PLAN WORKS

1. YOUR DEDUCTIBLE

You pay out-of-pocket for most medical and pharmacy expenses until you reach the deductible.

You can pay for these expenses from your Flexible Spending Account (FSA).

2. YOUR COVERAGE

Once your deductible is met, you and the plan share the cost of covered medical and pharmacy expenses with coinsurance. The plan will pay a percentage of each eligible expense, and you will pay the rest.

3. YOUR OUT-OF-POCKET MAXIMUM

When you reach your out-of-pocket maximum, the plan pays 100% of covered medical and pharmacy expenses for the rest of the plan year. Your deductible and coinsurance apply toward the out-of-pocket maximum eligible health care expenses.

MAKING THE MOST OF YOUR PLAN

Getting the most out of your plan also depends on how well you understand it. Keep these important tips in mind when you use your plan.

- **In-network providers and pharmacies:** You will always pay less if you see a provider within the medical and pharmacy network.
- **Preventive care:** In-network preventive care is covered at 100% (no cost to you). Preventive care is often received during an annual physical exam and includes immunizations, lab tests, screenings and other services intended to prevent illness or detect problems before you notice any symptoms.
- **Preventive drugs:** Many preventive drugs and those used to treat chronic conditions like diabetes, high blood pressure, high cholesterol and asthma are on the Preventive Condition Drug List. The deductible for these prescriptions (if generic, preferred, or non-preferred brands) are waived when you use an in-network pharmacy.
- **Pharmacy coverage:** Medications are placed in categories based on drug cost, safety and effectiveness. These tiers also affect your coverage.
  - **Generic** – A drug that offers equivalent uses, doses, strength, quality and performance as a brand-name drug, but is not trademarked.
  - **Preferred Brand** – A drug with a patent and trademark name that is considered "preferred" because it is appropriate to use for medical purposes and is usually less expensive than other brand-name options.
  - **Non-Preferred Brand** – A drug with a patent and trademark name. This type of drug is "not preferred" and is usually more expensive than alternative generic and brand preferred drugs.
- **Home Delivery pharmacy:** If you take a maintenance medication on an ongoing basis for a condition like high cholesterol or high blood pressure, you can use the Home Delivery pharmacy to save on a 90-day supply of your medication.

Understanding your embedded deductible and out-of-pocket maximum

- **Under an embedded approach,** each person only needs to meet the individual deductible and out-of-pocket maximum before the plan begins paying its share for that individual. (And, once two or more family members meet the family limits, the plan begins paying its share for all covered family members.)

FLEXIBLE SPENDING ACCOUNTS

A Flexible Spending Account (FSA) helps you pay for health care or dependent care costs using tax-free dollars. Your contribution is deducted from your paycheck on a pretax basis and is put into the FSA. When you incur expenses, you can access the funds in your account to pay for eligible expenses. This chart shows the eligible expenses for each FSA and how much you can contribute each year. Each of these options reduces your taxable income. Your FSA administrator is Bank of America.

Account Type	Eligible Expenses	Annual Contribution Limits
Health Care FSA	Most medical, dental and vision care expenses that are not covered by your health plan (such as copays, coinsurance, deductibles, eyeglasses and prescriptions)	Maximum contribution is $3,400 per year.
Dependent Care FSA	Dependent care expenses (such as daycare, after school programs or eldercare programs) for children under age 13 or eldercare so you and your spouse can work or attend school full-time	Maximum contribution is $7,500 per year ($3,750 if married and filing separate tax returns).

IMPORTANT INFORMATION ABOUT FSA

Your FSA elections are effective from January 1 through December 31. Claims for reimbursement must be submitted by March 31 of the following year.

DENTAL PLAN

It's important to have regular dental exams and cleanings so problems are detected before they become painful — and expensive. Keeping your teeth and gums clean and healthy will help prevent most tooth decay and is an important part of maintaining your overall health. Dental plan options are administered by Delta Dental.

Plan Provisions	Standard Plan	Premium Plan
Annual Deductible (Individual/Family)	None	None
Calendar Year Maximum	$1,600 per individual	$1,600 per individual
Orthodontia Lifetime Maximum	$2,100 per individual	$2,100 per individual

Major Services (e.g., dentures, crowns, bridges)	50%	85%
Orthodontia	50%	85% for children under age 19

USING DENTAL PROVIDERS

- While you have the option of choosing any provider, you will save money when you use PPO and Premier dentists.
- When you receive services from a Nonparticipating provider, the percentages in the column above indicate the portion of Delta Dental's Nonparticipating Dentist Fee that will be paid for those services. The Nonparticipating Dentist Fee may be less than what the dentist charges and you are responsible for that difference.

VISION PLAN

The vision plan provides coverage for routine eye exams and pays for all or a portion of the cost of glasses or contact lenses. You can choose any provider; however, you always save money if you see in-network providers. We offer a vision plan through EyeMed.

LIFE INSURANCE AND DISABILITY (CONTINUED)

SICKNESS AND ACCIDENT BENEFIT PLAN (S&A)

The Sickness and Accident Benefit Plan (S&A) is designed to provide a weekly disability benefit when you are disabled from work as a result of an illness or injury. The company pays the full cost of this plan.

Eligibility

To be eligible for S&A benefits, you must meet the following requirements:

- You must be an active, full-time hourly employee that is a member of the United Steel Workers of America, AFL-CIO, Local 1123,
- You must be eligible to participate in the health care benefits for hourly employees, and
- You must be disabled which requires the regular attendance of a licensed physician who certifies that you are totally disabled.

In all cases, the plan administrator makes the final determination regarding your eligibility for disability benefits. This may include a review of your medical condition by a physician of our choice at our expense.

Amount of Benefits

When your coverage becomes effective, you are entitled to a weekly benefit if you become disabled and are prevented from working. Your disability must be the result of a non-occupational accident or sickness for which Workers' Compensation benefits are not payable.

Your weekly benefit is equal to:

- 26 x your hourly earnings with a minimum weekly benefit of $461 up to a maximum weekly benefit of $526
- Hourly earnings are an average of your straight-time hourly earnings over the two completed pay periods before your disability. (If you participate in a quarterly or monthly incentive program, your S&A payment will be adjusted after the incentive is made for that period of time.)
- Sickness and Accident benefits are subject to federal, state and local (if applicable) taxes based on your tax withholding elections. Social Security (FICA) is also withheld for the first six months.

Duration of Benefits

Benefits begin on:

- The first day you are disabled due to an accident,
- The eighth consecutive day you are disabled due to illness,
- The first day of hospitalization if admitted as an inpatient due to surgery/illness prior to the eighth day,
- The first day of hospitalization or outpatient surgery due to human organ or tissue transplant donation,
- The first day of an outpatient, surgical procedure, excluding cosmetic surgery that is not medically necessary, or
- The first day of overnight hospitalization for observation due to surgery/illness prior to the eighth day.

Your disability starts with the first day that you are seen and personally treated by a physician who certifies your disability and inability to work, after your last day worked.

The maximum length of your benefits is determined by the length of your continuous service on your last day worked.

FAMILY MEDICAL LEAVE ACT (FMLA)

If you have been with the company for 12 months, you may be eligible for up to 12 work weeks of unpaid leave per year under the Family and Medical Leave Act (FMLA). FMLA can be used for an illness of your own, care needed for a family member, care for a newborn and certain other medical needs.

VOLUNTARY PLANS

GROUP ACCIDENT INSURANCE

Accident Insurance helps you and your family prepare for extra expenses that sudden, unexpected accidents bring. If you have an active lifestyle, kids in sports, or are concerned about the financial impact an accident may have, this policy may be of value to you. This insurance provides you with a cash benefit for a covered accident, and for medical services associated with a covered accident.

The payment you receive upon having an accident can be used as you see fit. There are no waiting periods for coverage to begin and payment will be in addition to any other insurance you may have.

You can also cover your spouse and children. For more details on this option, contact MetLife at 800-GET-MET8.

CRITICAL ILLNESS INSURANCE

Critical Illness Insurance provides cash to help pay for both medical expenses not covered by your medical plan, as well as day-to-day expenses that may start to add up — like rent, mortgage, car payments, etc. — while you are ill. With Critical Illness Insurance, if you are diagnosed with a covered illness, you get a lump-sum cash benefit, even if you receive other insurance benefits.

Coverage amounts

Employee	Spouse	Child(ren)
$10,000, $20,000 or $30,000	100% of the employee coverage	50% of the employee coverage

Examples of covered illnesses:

HOSPITAL INDEMNITY

No one ever expects to be in the hospital. And your stay can require a variety of treatments, testing, therapies and other services — each of which can mean extra out-of-pocket costs beyond what your medical plan may cover. Hospital Indemnity Insurance through MetLife can help you be better prepared by providing you with a benefit payment to use as you see fit if you experience a covered event and meet the policy and certificate requirements.

Typically, a flat amount is paid for the day that you are admitted to a hospital and a per-day amount is paid for each day of a covered hospital stay, from the very first day of your stay. This benefit payment can help you focus more on your recovery and can help you focus less on the extra expenses associated with a hospitalization resulting from an accident or illness.

IDENTITY & FRAUD PROTECTION

Protecting your personal information has become a major concern. MetLife Identity & Fraud Protection (powered by Aura) helps safeguard the things that matter to you most: your identity, money and assets, family, reputation, and privacy.

GLOSSARY

Calendar Year Maximum – The maximum benefit amount paid each year for each family member enrolled in the dental plan.

Coinsurance – The sharing of cost between you and the plan. For example, 90% coinsurance means the plan covers 90% of the cost of service after a deductible is met. You will be responsible for the remaining 10% of the cost.

Copay – A fixed amount (for example $15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

Deductible – The amount you have to pay for covered services each year before your health plan begins to pay.

Elimination Period – The time period between the beginning of an injury or illness and receiving benefit payments from the insurer.

Flexible Spending Account (FSA) – An FSA allows you to pay for eligible health care and dependent care expenses using tax-free dollars. The money in the account is subject to the "use it or lose it" rule which means you must spend the money in the account before the end of the plan year.

Generic Drugs – A drug that offers equivalent uses, doses, strength, quality and performance as a brand-name drug, but is not trademarked.

Home Delivery Pharmacy – Home Delivery pharmacies generally provide a 90-day supply of a prescription medication for the same cost as a 60-day supply at a retail pharmacy. Plus, Home Delivery pharmacies offer the convenience of shipping directly to your door.

In-Network – A designated list of health care providers (doctors, dentists, etc.). with whom the insurance provider has negotiated special rates. Using in-network providers lowers the cost of services for you and the company.

Inpatient – Services provided to an individual during an overnight hospital stay.

Maximum Reimbursable Charge – Prevailing market rates for services provided by health care professionals within a certain area for certain procedures. Maximum Reimbursable Charge rates may apply to out-of-network charges.

Non-Preferred Brand drugs – A drug with a patent and trademark name. This type of drug is "not preferred" and is usually more expensive than alternative generic and brand preferred drugs.

Out-of-Network – Providers that are not in the plan's network and who have not negotiated discounted rates. The cost of services provided by out-of-network providers is much higher for you and the company. Higher deductibles and coinsurance will apply.

Out-of-Pocket Maximum – The maximum amount you and your family must pay for eligible expenses each plan year. Once your expenses reach the out-of-pocket maximum, the plan pays benefits at 100% of eligible expenses for the remainder of the year. Your annual deductible is included in your out-of-pocket maximum.

Outpatient – Services provided to an individual at a hospital facility without an overnight hospital stay.

Preferred Brand drugs – A drug with a patent and trademark name that is considered "preferred" because it is appropriate to use for medical purposes and is usually less expensive than other brand-name options.

Primary Care Provider (PCP) – A doctor (generally a family practitioner, internist or pediatrician) who provides ongoing medical care. A primary care physician treats a wide variety of health-related conditions.

Specialist – A provider who has specialized training in a particular branch of medicine (e.g., a surgeon, cardiologist or neurologist).

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.** If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2026. Contact your State for more information on eligibility –

IMPORTANT NOTICE FROM METALLUS INC. ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this Notice carefully and keep it where you can find it. This Notice has information about your current prescription drug coverage with Metallus Inc. and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this Notice.

LEGAL NOTICES (CONTINUED)

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Metallus Inc. has determined that the prescription drug coverage offered by Metallus Inc. Retiree Medical and Prescription Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Metallus Inc. coverage will be affected.

If you elect Part D, coverage under Metallus Inc. Retiree Medical and Prescription Plan will end. If you do decide to join a Medicare drug (Part D) plan and drop your current Metallus Inc. Medical and Prescription coverage, be aware that you may not be able to get Metallus Inc. Medical and Prescription coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Metallus Inc. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage…

Note: You'll get this Notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Metallus Inc. changes. You also may request a copy of this Notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage…

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

The "Plan" provides health benefits to eligible employees of Metallus Inc. (the "Company") and their eligible dependents as described in the summary plan description(s) for the Plan. The Plan creates, receives, uses, maintains and discloses health information about participating employees and dependents in the course of providing these health benefits.

LEGAL NOTICES (CONTINUED)

For ease of reference, in the remainder of this Notice, the words "you," "your," and "yours" refers to any individual with respect to whom the Plan receives, creates or maintains Protected Health Information, including employees, retirees, and COBRA qualified beneficiaries, if any, and their respective dependents. The Notice of Privacy Practices applies to the following plans (collectively, the "Plan") that are sponsored by Metallus Inc. (the "Plan Sponsor"):

- Health programs under Metallus Inc. Welfare Benefit Plan for Employees
- Health programs under Metallus inc. Welfare Benefit Plan for Retirees
- Health programs under Metallus inc. Bargaining Unit Welfare Benefit Plan for Employees
- Health programs under Metallus inc. Bargaining Unit Welfare Benefit Plan for Retirees
- Health Care Flexible Spending Account portion of Metallus Inc. Flexible Benefits Program for Salaried and Certain Hourly Employees
- Health Care Flexible Spending Account portion of Metallus Inc. Flexible Benefits Program for Certain Bargaining Unit Employees

The Plan is required by law to take reasonable steps to protect your Protected Health Information from inappropriate use or disclosure.

Your "Protected Health Information" (PHI) is information about your past, present, or future physical or mental health condition, the provision of health care to you, or the past, present, or future payment for health care provided to you, but only if the information identifies you or there is a reasonable basis to believe that the information could be used to identify you. Protected health information includes information of a person living or deceased (for a period of fifty years after the death.)

The Plan is required by law to provide notice to you of the Plan's duties and privacy practices with respect to your PHI and is doing so through this Notice. This Notice describes the different ways in which the Plan uses and discloses PHI. It is not feasible in this Notice to describe in detail all of the specific uses and disclosures the Plan may make of PHI, so this Notice describes all of the categories of uses and disclosures of PHI that the Plan may make and, for most of those categories, gives examples of those uses and disclosures.

The Plan is required to abide by the terms of this Notice until it is replaced. The Plan may change its privacy practices at any time and, if any such change requires a change to the terms of this Notice, the Plan will revise and re-distribute this Notice according to the Plan's distribution process. Accordingly, the Plan can change the terms of this Notice at any time. The Plan has the right to make any such change effective for all of your PHI that the Plan creates, receives or maintains, even if the Plan received or created that PHI before the effective date of the change.

The Plan is distributing this Notice, and will distribute any revisions, only to participating employees and retirees and COBRA qualified beneficiaries, if any. If you have coverage under the Plan as a dependent of an employee, retiree or COBRA qualified beneficiary, you can get a copy of the Notice by requesting it from the contact named at the end of this Notice.

Please note that this Notice applies only to your PHI that the Plan maintains. It does not affect your doctor's or other health care provider's privacy practices with respect to your PHI that they maintain.

LEGAL NOTICES (CONTINUED)

Receipt of Your PHI by the Company and Business Associates

The Plan may disclose your PHI to, and allow use and disclosure of your PHI by, the Company and Business Associates, and any of their subcontractors without obtaining your authorization.

Plan Sponsor: The Company is the Plan Sponsor and Plan Administrator. The Plan may disclose to the Company, in summary form, claims history and other information so that the Company may solicit premium bids for health benefits or to modify, amend or terminate the Plan. This summary information omits your name and Social Security Number and certain other identifying information. The Plan may also disclose information about your participation and enrollment status in the Plan to the Company and receive similar information from the Company. If the Company agrees in writing that it will protect the information against inappropriate use or disclosure, the Plan also may disclose to the Company a limited data set that includes your PHI, but omits certain direct identifiers, as described later in this Notice.

The Plan may disclose your PHI to the Company for plan administration functions performed by the Company on behalf of the Plan, if the Company certifies to the Plan that it will protect your PHI against inappropriate use and disclosure.

> **Example:** The Company reviews and decides appeals of claim denials under the Plan. The Claims Administrator provides PHI regarding an appealed claim to the Company for that review, and the Company uses PHI to make the decision on appeal.

Business Associates: The Plan and the Company hire third parties, such as a third party administrator (the "Claims Administrator"), to help the Plan provide health benefits. These third parties are known as the Plan's "Business Associates." The Plan may disclose your PHI to Business Associates, like the Claims Administrator, who are hired by the Plan or the Company to assist or carry out the terms of the Plan. In addition, these Business Associates may receive PHI from third parties or create PHI about you in the course of carrying out the terms of the Plan. The Plan and the Company must require all Business Associates to agree in writing that they will protect your PHI against inappropriate use or disclosure and will require their subcontractors and agents to do so, too.

For purposes of this Notice, all actions of the Company and the Business Associates that are taken on behalf of the Plan are considered actions of the Plan. For example, health information maintained in the files of the Claims Administrator is considered maintained by the Plan. So, when this Notice refers to the Plan taking various actions with respect to health information, those actions may be taken by the Company or a Business Associate on behalf of the Plan.

How the Plan May Use or Disclose Your PHI

The Plan may use and disclose your PHI for the following purposes without obtaining your authorization. And, with only limited exceptions, we will send all mail to you, the employee. This includes mail relating to your spouse and other family members who are covered under the Plan. If a person covered under the Plan has requested Restrictions or Confidential Communications, and if the Plan has agreed to the request, the Plan will send mail as provided by the request for Restrictions or Confidential Communications.

Your Health Care Treatment: The Plan may disclose your PHI for treatment (as defined in applicable federal rules) activities of a health care provider.

> **Example:** If your doctor requested information from the Plan about previous claims under the Plan to assist in treating you, the Plan could disclose your PHI for that purpose.

> **Example:** The Plan might disclose information about your prior prescriptions to a pharmacist for the pharmacist's reference in determining whether a new prescription may be harmful to you.

LEGAL NOTICES (CONTINUED)

Making or Obtaining Payment for Health Care or Coverage: The Plan may use or disclose your PHI for payment (as defined in applicable federal rules) activities, including making payment to or collecting payment from third parties, such as health care providers and other health plans.

> **Example:** The Plan will receive bills from physicians for medical care provided to you that will contain your PHI. The Plan will use this PHI, and create PHI about you, in the course of determining whether to pay, and paying, benefits with respect to such a bill.

> **Example:** The Plan may consider and discuss your medical history with a health care provider to determine whether a particular treatment for which Plan benefits are or will be claimed is medically necessary as defined in the Plan.

The Plan's use or disclosure of your PHI for payment purposes may include uses and disclosures for the following purposes, among others.

- Obtaining payments required for coverage under the Plan
- Determining or fulfilling its responsibility to provide coverage and/or benefits under the Plan, including eligibility determinations and claims adjudication
- Obtaining or providing reimbursement for the provision of health care (including coordination of benefits, subrogation, and determination of cost sharing amounts)
- Claims management, collection activities, obtaining payment under a stop-loss insurance policy, and related health care data processing
- Reviewing health care services to determine medical necessity, coverage under the Plan, appropriateness of care, or justification of charges
- Utilization review activities, including precertification and preauthorization of services, concurrent and retrospective review of services

The Plan also may disclose your PHI for purposes of assisting other health plans (including other health plans sponsored by the Company), health care providers, and health care clearinghouses with their payment activities, including activities like those listed above with respect to the Plan.

Health Care Operations: The Plan may use and disclose your PHI for health care operations (as defined in applicable federal rules) which includes a variety of facilitating activities.

> **Example:** If claims you submit to the Plan indicate that you have diabetes or another chronic condition, the Plan may use and disclose your PHI to refer you to a disease management program.

> **Example:** If claims you submit to the Plan indicate that the stop-loss coverage that the Company has purchased in connection with the Plan may be triggered, the Plan may use or disclose your PHI to inform the stop-loss carrier of the potential claim and to make any claim that ultimately applies.

The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following purposes.

- Quality assessment and improvement activities
- Disease management, case management and care coordination

LEGAL NOTICES (CONTINUED)

The Plan also may use or disclose your PHI for purposes of assisting other health plans (including other plans sponsored by the Company), health care providers and health care clearinghouses with their health care operations activities that are like those listed above, but only to the extent that both the Plan and the recipient of the disclosed information have a relationship with you and the PHI pertains to that relationship.

- The Plan's use and disclosure of your PHI for health care operations purposes may include uses and disclosures for the following additional purposes, among others
- Underwriting (with the exception of PHI that is genetic information) premium rating and performing related functions to create, renew or replace insurance related to the Plan
- Planning and development, such as cost-management analyses
- Conducting or arranging for medical review, legal services, and auditing functions
- Business management and general administrative activities, including implementation of, and compliance with, applicable laws, and creating de-identified health information or a limited data set

The Plan also may use or disclose your PHI for purposes of assisting other health plans for which the Company is the plan sponsor, and any insurers and/or HMOs with respect to those plans, with their health care operations activities similar to both categories listed above.

Uses and Disclosures of Substance Use Disorder Records: Certain health information the Plan may receive and maintain may be protected under a federal law called 42 CFR Part 2, which provides extra protections for substance use disorder (SUD) treatment records maintained by Part 2 programs, as defined under 42 CFR Section 2.11. These records may be related to the diagnosis, treatment, or referral for treatment for a substance use disorder.

In the event the Plan were to obtain SUD treatment records from a Part 2 program, the Plan may use or disclose your SUD records only as allowed under 42 CFR Part 2, and in most cases only with your written consent obtained by the Part 2 program. Once you sign the written consent, your SUD information may be used or disclosed for the following purposes:

- For treatment, payment or health care operations
- To your health plan or other providers that help coordinate your care
- To contractors or business associates working on the Plan's behalf

SUD treatment records received from Part 2 programs shall not be used or disclosed in civil, criminal, administrative, or legislative proceedings against the individual unless based on written consent, or a court order after notice and an opportunity to be heard is provided to the individual or the holder of the record, as provided under 42 CFR Part 2.

Your written consent is valid until you revoke it in writing, unless you set an earlier expiration date. If you revoke your consent, the Plan will no longer share your information, except where already used or disclosed. If you give consent to a Part 2 program to share your SUD records for the purposes listed above, the information the Plan shares may not be redisclosed by the recipient unless the recipient is subject to HIPAA or 42 CFR Part 2 or you explicitly give them written permission to redisclose the information.

Limited Data Set: The Plan may disclose a limited data set to a recipient who agrees in writing that the recipient will protect the limited data set against inappropriate use or disclosure. A limited data set is health information about you and/or others that omits your name and Social Security Number and certain other identifying information.

Legally Required: The Plan will use or disclose your PHI to the extent required to do so by applicable law. This may include disclosing your PHI in compliance with a court order, or a subpoena or summons. In addition, the Plan must allow the U.S. Department of Health and Human Services to audit Plan records.

LEGAL NOTICES (CONTINUED)

Health or Safety: When consistent with applicable law and standards of ethical conduct, the Plan may disclose your PHI if the Plan, in good faith, believes that such disclosure is necessary to prevent or lessen a serious and imminent threat to your health or the health and safety of others. The Plan can share health information about you for certain situations such as:

- Preventing disease
- Helping with product recalls
- Reporting adverse reactions to medications
- Reporting suspected abuse, neglect, or domestic violence

Law Enforcement: The Plan may disclose your PHI to a law enforcement official if the Plan believes in good faith that your PHI constitutes evidence of criminal conduct that occurred on the premises of the Plan. The Plan also may disclose your PHI for limited law enforcement purposes.

Lawsuits and Disputes: In addition to disclosures required by law in response to court orders, the Plan may disclose your PHI in response to a subpoena, discovery request or other lawful process, but only if certain efforts have been made to notify you of the subpoena, discovery request or other lawful process or to obtain an order protecting the information to be disclosed.

Workers' Compensation: The Plan may use and disclose your PHI when authorized by and to the extent necessary to comply with laws related to workers' compensation or other similar programs.

Emergency Situation: The Plan may disclose your PHI to a family member, friend, or other person, for the purpose of helping you with your health care or payment for your health care, if you are in an emergency medical situation and you cannot give your agreement to the Plan to do this.

Personal Representatives: The Plan will disclose your PHI to your personal representatives appointed by you or designated by applicable law (a parent acting for a minor child, or a guardian appointed for an incapacitated adult, for example) to the same extent that the Plan would disclose that information to you. The Plan may choose not to disclose information to a personal representative if it has reasonable belief that: 1) you have been or may be a victim of domestic abuse by your personal representative; or 2) recognizing such person as your personal representative may result in harm to you; or 3) it is not in your best interest to treat such person as your personal representative.

Public Health: To the extent that other applicable law does not prohibit such disclosures, the Plan may disclose your PHI for purposes of certain public health activities, including, for example, reporting information related to an FDA-regulated product's quality, safety or effectiveness to a person subject to FDA jurisdiction.

Health Oversight Activities: The Plan may disclose your PHI to a public health oversight agency for authorized activities, including audits, civil, administrative or criminal investigations; inspections; licensure or disciplinary actions.

Coroner, Medical Examiner, or Funeral Director: The Plan may disclose your PHI to a coroner or medical examiner for the purposes of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, the Plan may disclose your PHI to a funeral director, consistent with applicable law, as necessary to carry out the funeral director's duties.

Organ Donation: The Plan may use or disclose your PHI to assist entities engaged in the procurement, banking, or transplantation of cadaver organs, eyes, or tissue.

LEGAL NOTICES (CONTINUED)

Specified Government Functions: In specified circumstances, federal regulations may require the Plan to use or disclose your PHI to facilitate specified government functions related to the military and veterans, national security and intelligence activities, protective services for the president and others, and correctional institutions and inmates.

Research: The Plan may disclose your PHI to researchers when your individual identifiers have been removed or when an institutional review board or privacy board has reviewed the research proposal and established a process to ensure the privacy of the requested information and approves the research.

Disclosures to You: When you make a request for your PHI, the Plan is required to disclose to you your medical records, billing records, and any other records used to make decisions regarding your health care benefits. The Plan must also, when requested by you, provide you with an accounting of disclosures of your PHI if such disclosures were for any reason other than Treatment, Payment, or Health Care Operations (and if you did not authorize the disclosure).

Authorization to Use or Disclose Your PHI

Except as stated above, the Plan will not use or disclose your PHI unless it first receives written authorization from you. If you authorize the Plan to use or disclose your PHI, you may revoke that authorization in writing at any time, by sending notice of your revocation to the contact person named at the end of this Notice. To the extent that the Plan has taken action in reliance on your authorization (entered into an agreement to provide your PHI to a third party, for example) you cannot revoke your authorization.

Furthermore, we will not: (1) supply confidential information to another company for its marketing purposes (unless it is for certain limited Health Care Operations); (2) sell your confidential information (unless under strict legal restrictions) (to sell means to receive direct or indirect remuneration); (3) provide your confidential information to a potential employer with whom you are seeking employment without your signed authorization; or (4) use or disclose psychotherapy notes unless required by law.

Additionally, if a state or other law requires disclosure of immunization records to a school, written authorization is no longer required. However, a covered entity still must obtain and document an agreement which may be oral and over the phone.

The Plan May Contact You

The Plan may contact you for various reasons, usually in connection with claims and payments and usually by mail.

> You should note that the Plan may contact you about treatment alternatives or other health-related benefits and services that may be of interest to you.

Your Rights With Respect to Your PHI

Confidential Communication by Alternative Means: If you feel that disclosure of your PHI could endanger you, the Plan will accommodate a reasonable request to communicate with you by alternative means or at alternative locations. For example, you might request the Plan to communicate with you only at a particular address. If you wish to request confidential communications, you must make your request in writing to the contact person named at the end of this Notice. You do not need to state the specific reason that you feel disclosure of your PHI might endanger you in making the request, but you do need to state whether that is the case. Your request also must specify how or where you wish to be contacted. The Plan will notify you if it agrees to your request for confidential communication. You should not assume that the Plan has accepted your request until the Plan confirms its agreement to that request in writing.

LEGAL NOTICES (CONTINUED)

Request Restriction on Certain Uses and Disclosures: You may request the Plan to restrict the uses and disclosures it makes of your PHI. This request will restrict or limit the PHI that is disclosed for Treatment, Payment, or Health Care Operations, and this restriction may limit the information that the Plan discloses to someone who is involved in your care or the payment for your care. The Plan is not required to agree to a requested restriction, but if it does agree to your requested restriction, the Plan is bound by that agreement, unless the information is needed in an emergency situation. There are some restrictions, however, that are not permitted even with the Plan's agreement. To request a restriction, please submit your written request to the contact person identified at the end of this Notice. In the request please specify: (1) what information you want to restrict; (2) whether you want to limit the Plan's use of that information, its disclosure of that information, or both; and (3) to whom you want the limits to apply (a particular physician, for example). The Plan will notify you if it agrees to a requested restriction on how your PHI is used or disclosed. You should not assume that the Plan has accepted a requested restriction until the Plan confirms its agreement to that restriction in writing. You may request restrictions on our use and disclosure of your confidential information for the treatment, payment and health care operations purposes explained in this Notice. Notwithstanding this policy, the plan will comply with any restriction request if (1) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and it is not for purposes of carrying out treatment); and (2) the PHI pertains solely to a health care item or service for which the health care provider has been paid out-of-pocket in full.

Right to Be Notified of a Breach: You have the right to be notified in the event that the plan (or a Business Associate) discovers a breach of unsecured protected health information.

Electronic Health Records: You may also request and receive an accounting of disclosures of electronic health records made for treatment, payment, or health care operations during the prior three years for disclosures made on or after (1) January 1, 2014 for electronic health records acquired before January 1, 2009; or (2) January 1, 2011 for electronic health records acquired on or after January 1, 2009.

The first list you request within a 12-month period will be free. You may be charged for providing any additional lists within a 12-month period.

Paper Copy of This Notice: You have a right to request and receive a paper copy of this Notice at any time, even if you received this Notice previously, or have agreed to receive this Notice electronically. To obtain a paper copy please call or write the contact person named at the end of this Notice.

Right to Access Your PHI: You have a right to access your PHI in the Plan's enrollment, payment, claims adjudication and case management records, or in other records used by the Plan to make decisions about you, in order to inspect it and obtain a copy of it. Your request for access to this PHI should be made in writing to the contact person named at the end of this Notice. The Plan may deny your request for access, for example, if you request information compiled in anticipation of a legal proceeding. If access is denied, you will be provided with a written notice of the denial, a description of how you may exercise any review rights you might have, and a description of how you may complain to Plan or the Secretary of Health and Human Services. If you request a copy of your PHI, the Plan may charge a reasonable fee for copying and, if applicable, postage associated with your request. However, if you, or a third party requests a copy of your PHI, the fee limitations set out in the rules will apply only to your individual request for access to your own records but these fee limitations will not apply to an individual's request to transmit records to a third party.

Right to Amend: You have the right to request amendments to your PHI in the Plan's records if you believe that it is incomplete or inaccurate. A request for amendment of PHI in the Plan's records should be made in writing to the contact person named at the end of this Notice. The Plan may deny the request if it does not include a reason to support the amendment. The request also may be denied if, for example, your PHI in the Plan's records was not created by the Plan, if the PHI you are requesting to amend is not part of the Plan's records, or if the Plan determines the records containing your health information are accurate and complete. If the Plan denies your request for an amendment to your PHI, it will notify you of its decision in writing, providing the basis for the denial, information about how you can include information on your requested amendment in the Plan's records, and a description of how you may complain to Plan or the Secretary of Health and Human Services.

LEGAL NOTICES (CONTINUED)

Accounting: You have the right to receive an accounting of certain disclosures made of your health information. Most of the disclosures that the Plan makes of your PHI are not subject to this accounting requirement because routine disclosures (those related to payment of your claims, for example) generally are excluded from this requirement. Also, disclosures that you authorize, or that occurred more than six years before the date of your request, are not subject to this requirement. To request an accounting of disclosures of your PHI, you must submit your request in writing to the contact person named at the end of this Notice. Your request must state a time period which may not include dates more than six years before the date of your request. Your request should indicate in what form you want the accounting to be provided (for example on paper or electronically). The first list you request within a 12-month period will be free. If you request more than one accounting within a 12-month period, the Plan will charge a reasonable, cost-based fee for each subsequent accounting.

Rights Regarding Substance Use Disorder Records Subject to 42 CFR Part 2: You have the right to request an accounting of disclosures of your SUD records, receive a copy of any written consent you provide, and/or revoke your written consent at any time.

Personal Representatives: You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. The Plan retains discretion to deny a personal representative access to your PHI to the extent permissible under applicable law.

Complaints

If you believe that your privacy rights have been violated, you have the right to express complaints to the Plan and to the Secretary of the Department of Health and Human Services. Any complaints to the Plan should be made in writing to the contact person named at the end of this Notice. The Plan encourages you to express any concerns you may have regarding the privacy of your information. You will not be retaliated against in any way for filing a complaint.
